

FIGURE ON SUCCESS WITH FIGURE POS

Figure POS elevates the dining experience.

Easy Setup and Use

Figure's simple setup makes it a breeze to get started. Built on **Apple iPad** devices, it's familiar, durable for any kitchen, and easily expandable with wireless connectivity—no messy cables needed.

Effortless Online Ordering

Make It Butter empowers restaurants to quickly launch their own online ordering site, complete with delivery options. Plus, **Figure** integrates seamlessly with popular apps like **DoorDash**, **UberEats**, **GrubHub**, and more.

Order Your Way

Figure adapts to any restaurant, offering counter service, table-side, kiosk, QR code, and online ordering. Its flexible system brings in more customers while streamlining order management.
